

Surgery Payment Policy and Accepted Methods

All surgical payments are due at your pre-operative appointment and must be completed no later than **4 weeks before** your surgery date. Portland Plastic Surgery Group collects all surgical fees, including the facility and anesthesia fees. If your remaining balance is not paid in full 30 days prior, you will forfeit your surgery date.

We accept the following types of payment:

Debit and Credit Cards: Our office accepts all major credit cards, but we **do not accept American Express**.

Please note, if you plan to use a debit or credit card, we will securely keep a card on file and automatically process the payment 4 weeks prior to your surgery date. We recommend contacting your bank in advance to ensure your daily spending limit is sufficient, as we will not be able to complete your payment if the limit is exceeded.

Cash/Cashier's Checks/Money Orders: Any cash payments in excess of \$10,000 must be reported to the IRS. Our practice does not offer cash discounts.

Personal checks: Personal checks **must be received 4 weeks prior to your surgery date**.

CareCredit & PatientFi Financing: Transactions can only be run in person. Please ensure you apply prior to scheduling surgery. *Please note: if anyone other than yourself is applying, that person must come to our office to run the transaction and provide identification.*

PatientFi	CareCredit
<ul style="list-style-type: none"> • PatientFi Application • PatientFi FAQ • Approval up to \$50,000 • Soft credit check • APR rates are based on your credit score • Loan. Not a credit card • Requires auto-pay via debit card or checking/savings account • Valid for 180 days from the application date • Cannot be used to pay the \$500 surgery deposit 	<ul style="list-style-type: none"> • CareCredit Application • CareCredit FAQ's • Approval up to \$20,000 • Hard credit check • Flat APR rates • Credit card. Not a loan • Does not require auto-pay • Valid for 12 months from the application date • Cannot be used to pay the \$500 surgery deposit
